AMENDMENTS TO THE CLAIMS

The listing of claims will replace all prior versions, and listings, of claims in the application.

Listing of Claims:

Claim 1 (Canceled)

2. (Previously Presented) The apparatus according to claim 20, wherein:
the light emerging port has the form of a circle and is disposed in a middle of a light incident plane;
the first light incident port has the form of a ring and is disposed on an outside of the light emerging port; and
the second light incident port has the form of a ring and is disposed on an outside of the first light incident port.

3. (Previously Presented) A bilirubin concentration measuring apparatus, comprising:
a light emitter for emitting a light which includes a first luminous flux falling in a first wavelength range and a second luminous flux falling in a second wavelength range, their bilirubin absorption coefficients differing from each other;
a light emerging port for projecting the first and second luminous fluxes onto skin of a person;
